

# Finding Baby Moses Game

(Good indoor game)

- Have kids hide their eyes.
- Have someone hide the baby Moses basket in the house. Ex. Tape it to bottom of chair, on the wall behind a curtain etc. (If using baby Moses in bag). You can also use a baby doll and basket that you have in your house.
- Let kids look for baby Moses. First one who finds him gets to hide it next.
  - If they have trouble finding it you can use “hot or cold” to help them.

# Moses Relay

(Good outdoor game)

- Put 2 baskets at the starting line.
- At the other end put a doll, clothes and a blanket
- When you say go each person will pick up their basket and run to the other end where they will dress baby Moses, lay him in the basket, and cover with a blanket.
- Run back to the finish line.

# Baby Moses Matching

(Younger children)

- Cut out cards and play matching game.

## Serving Game

- Place a cup on a plate
- Add water
- Race to designated place and put down plate without spilling

## Fishy Kisses Craft

- Give each child a washcloth
- Show them how to roll one edge of the washcloth toward the other side until the whole thing is rolled up, see picture
- Bring the two ends together and wind a rubber band around them, leaving enough space to hold an ice cube in the middle.
- Glue two googly eyes on the head. Probably need to use a hot glue gun to make sure they stay on.
- Have children draw a smiley mouth with a permanent marker.
